# EASY DOOR CONTROLLER 13.56 MHZ

Easy-Door Controller is a standalone controller. It manages one door and 1500 keys. Easy Door Controller is easy to install (only 2 wires to the reader) and easy to programm. Additions, cancellations and update badges are made by the master key or through the handheld terminal.

Thanks to its size, Easy Door Controller is ideally suited to be mounted behind an entry panel. Thus you can add access control to your intercom system at a very attractive price.

Technical characteristics

| 13.56 MHz	1 door	1 to 1500 users	Programming on product

- Dimensions (W x H x D): 70mmx75mmx19mm
